

Proceedings

Once the abstract is accepted, please prepare the manuscript of your poster or oral communication for the Book of Proceedings. Please remember to indicate the reference number that you were assigned. Use Microsoft Word for the text that must be 12 point type and 1.5 space. Times New Roman type of letter is mostly preferred. Keep 1 inch margins and the text in single column. Do not use tabulation.

Put title, authors and all authors' complete affiliations on the first page. The structure is the following: Introduction, Materials and methods, Results and discussion,

Conclusions and References. Titles and heading in bold. Citations in the text by author's name (without initials) and year of publication.

Supply tables and figures (including legends) in camera-ready form. Please note they will not be modified. Number each figure and table (Figure 1, Table 1), and cite it in text. This will help to locate its position into the text. The tables and figures (including the legends) should be placed at the end of the manuscript, just after the text, and all in one single file.

Please note that the maximum length for each manuscript, including text, tables and figures, is 4 pages (DIN A-4). Those manuscripts exceeding 4 pages will not be accepted. The paper published is responsibility of the authors.

Identify the file with the reference number previously given to your abstract. The file with the manuscript must be submitted before the 29 of March due to rigorous editing and printing deadlines. Authors are encouraged to submit their manuscripts before that date; otherwise there is no guarantee they can be published.

The e-mail address for submitting the manuscripts is: papersfoodproducts@esa.ipvc.pt
